Dear Commissioner Ku -

As part of the Gwinnett Animal Advocacy Alliance's efforts to educate voters on animal welfare issues, we will soon be sending candidates a questionnaire to better understand their positions on issues affecting Gwinnett Animal Shelter and animal welfare throughout the county.

Our goal is to share each candidate's responses publicly through our website and social media so residents can better understand where candidates stand on these important issues.

Before we send the questionnaire, I wanted to extend an invitation to meet with you if you're interested. Over the past year, we have spent considerable time researching animal welfare issues through public records and conversations with volunteers, rescue partners, and community members. We have also launched the Gwinnett Animal Advocacy Alliance website to compile our research, data, and policy recommendations, although we are still actively adding additional issues and resources.

Whether through a meeting or by reviewing our website, we hope you'll have the opportunity to familiarize yourself with these issues before completing the questionnaire. We'd be happy to answer any questions, discuss our research, and hear your thoughts on potential opportunities for improvement.

Our website is available at:

<https://gwinnettanimaladvocacyalliance.com>

If you're interested, I'd be happy to meet at a time and location that's convenient for you.

Thank you for your time and consideration. I look forward to hearing from you.

Best,

Melissa Kang
